AMARYLLIS, GIANT HYBRID

AMARYLLIS – American Hybrids

DELIVERY NOVEMBER – MARCH

Amaryllis are one of our specialties and we grow a large stock here on our own farms. These northern-grown bulbs are firmer and heavier than the southern stocks and hold up much better when exposed for counter sales.

For house culture, the ease with which they can be flowered makes them the outstanding subject for this purpose, and they also make a beautiful pot plant for florist use. The colors are mixed and range from pure white through the various pink shades to deep red.

AMARYLLIS – Royal Dutch Strain

DELIVERY NOVEMBER – MARCH

These Royal Dutch Amaryllis are the largest and finest in the world. The trumpet-shaped flowers of the older types has been changed to a much flatter surface which adds to the size and appearance. The colors are brighter and more solid. They are easily grown in greenhouse or home and with no other subject is so much beauty produced in such a short time. The usual flowering period is late February or early March. The bulbs are ready for shipment in November and are available in the following colors:

SCARLET, BRIGHT RED, SALMON PINK, DEEP ROSE, WHITE, AND LIGHT ROSE.

Price for large bulbs: Each, \$2.00 3 for \$5.50

AMARYLLIS for Christmas Flowers

LYCORIS – Hardy Amaryllis

We continue to receive very gratifying response to our offer of these bulbs and we are now sure that our very low and attractive price is enabling our customers to use these bulbs in quantity and to promote them to a popularity they richly deserve. For this season our large supply (by far the largest in this country) allows us to repeat our remarkable offer.

SQUAMIGERA (Amaryllis Halli). The bulb produces its foliage in spring, which is followed by a tall pinkish spike of beautiful flowers in midsummer. It is perfectly hardy and a splendid permanent subject for summer flowering in northern gardens.

CALLA LILIES

Callas are now such an important crop that they should be grown by every florist who has a retail outlet. Aethiopica is ready in September and should be planted as early as possible for best results. Elliottiana and Alba Maculata are available as noted below and can be planted indoors then or through to the early spring months — depending upon when flowers are wanted. These latter two varieties are now widely used for outdoor Summer flowering and for this purpose should not be planted until danger of frost is over in Spring.

IMPORTANT INFORMATION

Due to a severe winter, growing in Holland has been slow and though the quality of the bulbs is excellent, quantities are low. This short supply made prices go up considerably and also we will have no possibility of re-ordering, therefor **KINDLY PLACE YOUR ORDER EARLY.** As usual we will guarantee you an excellent quality merchandise.

If our price list is of no use to you we highly appreciate your cooperation by giving it to one of your flowerminded friends. **THANK YOU.**
